PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, JUNE 17, 1919

VOLUME XXXVIII

## INTERESTING OIL NOTES

The Lee-Kent Oil Co., are drilling on their Poplar Thicket lease and expect to bring in a good well on this tract of land this week.

Mr. Charles Wilmoth, who has been in Paris on a short visit, will return to Morrow to Munday, Tex., where he is interested in the oil business. His company has one well down 2,400 feet and drilling in, the work progressing nicely.

The Lane Oil Company, of Paris, announces the purchase of an interest in a tract of 233 acres in the heart of the Scottsville pool in Allen county, with thirteen producing wells and twenty others for which drilling contracts have been let. The deal was consummated by O. T. Hinton, of Paris, general counsel for the company.

The Mutual Oil and Refining Company, with a capital stock of \$5,000,000, has been organized under the laws of Delaware, with offices in the Security Trust Company Building in Lexington. This company has holdings of much value in Estill and Knox counties and in Northern Indiana, which it is preparing to operate at once. C. L. Bell, president of the company, has just returned from Northern Indiana, where he has been on an inspection tour of the oil fields in that State. While there Mr. Bell secured 280 acres for the company, in Jay county, in a section that is said to be thoroughly proved. This acreage is divided into four blocks, ranging from 25 to 140 acres, and it is reported that there are nine producing wells on adjoining leases. The Co-operating Land and Development Company, it is said, will undertake the operation of these leases, the Mutual Oil and Gas Company retaining a royalty.

The incorporators of this new company are C. L. Bell, R. W. Strother, of Paris; O. L. Bartlett, of Maysville; L. G. Campbell, an attorney of Whitley City, and S. V. Brent, of Lexington. C. L. Bell, who is president of the Bourbon Oil and Development Company and the Co-operating Land and Development Company, both of which have their offices at Paris, has been elected president of the Mutual Oil and Gas Company, and S. V. Brent is secretary and treasurer.

## RASPBERRIES.

Leave your orders for raspberries with us. We get them direct from the patch every day.  
(1t) C. P. COOK & CO.

## RETURN TO OLD RATES OF POSTAGE JULY 1.

The Postoffice Department is preparing to return to the old-time postal rates upon first class mail matter July 1, according to notice received by Postmaster J. Walter Payne. Section 1401 of the Revenue Act of 1918, approved Feb. 24, 1919, provides in part as follows:

"Section 1100 of the Revenue Act of 1917 is hereby repealed to take effect on July 1, 1919, and thereafter the rate of postage on all mail matter of the first class shall be the same as the rate in force on Oct. 2, 1917."

In compliance with the above provision of the law, postmasters will discontinue the sale of 2-cent postal cards and 3-cent stamped envelopes at the close of business June 30, 1919. Postmasters will redeem all unused or undamaged 2-cent postal cards or 3-cent stamped envelopes, printed or unprinted, at full value, provided they are presented by the original purchaser. Two-cent postal cards and 3-cent stamps will be exchanged for stamps or post cards of a different denomination to be selected by the owner, or may be applied to the payment for 2-cent special request envelopes. No postal cards or stamped envelopes will be redeemed in cash, and the public will be allowed one month from July 1 in which to present their 2-cent cards and 3-cent stamps for exchange at full value. After that time expires postage value only shall be allowed for the envelopes and three-fourths postage value for the cards.

The exchange of stamps and post cards will not begin until the 1st of July, and it will be useless to take the supply of cards and stamps you wish to exchange to the postoffice until that time, as the postal authorities will not be prepared to handle them. After the 1st of July letter postage will be 2 cents an ounce and postal cards can be bought for a cent.

## BLUEGRASS SEED STRIPPING.

The Mt. Sterling Gazette says: "Farmers and bluegrass seed men have begun stripping the seed this week and strippers are running in every section. The indications do not point to a very large crop this year, the rainy season causing the undergrowth and weeds to get such a start that much of the seed will be lost. The seed has ripened rapidly and there will be a good yield per acre. Hands are high and scarce, but the prices for seed are reported at from \$1.50 to \$1.65 per bushel. It is stated that one grower sold all his holdings of seed amounting to several acres to Henry S. Caywood, of Bourbon county at \$1.50 per bushel."

## IN THE SERVICE OF THEIR COUNTRY.

Red Cross workers in the Paris Home Service Section, in the Agricultural Bank Building, have been authorized by the War Department to assist soldiers in converting their war risk insurance into permanent policies. Application blanks, sample policies and additional information can be obtained from the National Red Cross headquarters.

Among recent arrivals of Uncle Sam's men who have been in the overseas service were Lawrence James, of Paris, and Scott Woodford, who came in Saturday from their demobilization camps. Mr. James will go to Port Arthur, Texas, to resume his former position with the Texas Land & Oil Company, while Mr. Woodford will resume the simple life close to nature on his old home place near Paris. Both are in excellent health and looking fine.

Private Bernard J. Santen, of Paris, arrived Saturday for a short visit to his parents, Mr. and Mrs. Henry J. Santen, and family, on Scott avenue. Mr. Santen arrived in New York last week after an uneventful journey from overseas, where he had been in the service for several months. He will go to Camp Taylor, Tuesday, where he will receive his final discharge papers and return to Paris. Mr. Santen was accompanied by his wife, who went to New York and says Uncle Sam is a good provider.

Private Wm. Wm. C. Rule, of Carlisle, was a recent guest of his cousin, Mr. Ed. T. Rule, in this city, while en route home for a visit. Private Rule was in France several months and only lately returned on the overseas trip. He was laid up in the army hospital at Brest, France, for several weeks, with rheumatism, and afterward at the hospital in New York. He came to Paris from Ft. Benjamin Harrison, where he was mustered out of the service. Private Rule was a member of the Army Corps for several months guarding troop trains.

Private Shy Owsley, formerly of Paris, arrived in Paris Friday, from overseas, where he had been in the service as a member of the 30th Division, M. P., and was a guest several days of his brother, Mr. Jack Owsley, and Mrs. Owsley, on Seventh street. Private Owsley landed in New York on May 20, and proceeded to Camp Taylor, where he was given his final discharge papers on June 11. He detailed some remarkable impressions of the world-war, and regretted that he did not have a chance to go over the top, though he was in the trenches seven days continuously.

Private Owsley left Sunday for his home in Robertson county.

During the campaign for United States Senator in 1918, County Clerk Pearce Paton received a request from Private Martin Reed, of Bourbon county, for a ballot to be mailed to him at Camp Mills, New Jersey.

The ballot was mailed to the address given by Private Reed on October 7, 1918. On January 16, the mail parcel containing the ballot, the envelope covered with dating stamps and re-addresses, was returned to Clerk Paton, with the notation, "Return to Sender, Not Found." The package had been through a dozen or more army camps in the United States and in France. So Private Reed's vote didn't get into the campaign.

## HAVE YOU SEEN THE SCRIPPS-BOOTH?

A new car in this section, but one of the finest finished, regardless of price. We now have these cars on display at our show rooms, and are able to make immediate delivery.

DICKERSON & SON,  
(12-3t) 106-108 E. Tenth St.

## MOTHER IS GIVEN POSSESSION OF CHILDREN.

In the Juvenile Court last week Judge George Battenon heard the case of Mrs. Emmett Howard, formerly Mrs. J. B. Snapp, who was suing for the possession of her two small children, Emmett Snapp and Will Anderson Snapp.

Since the death of their father, the late Mr. Joe Billy Snapp, well-known barber, the children had been under the care of their grandparents. The mother had since married again, this time becoming the bride of Mr. Emmett Howard, of Paris and Lexington, an uncle of Mr. Snapp. After moving to Lexington she sought to get possession of the children by court process. Judge Battenon, after hearing the case, placed them in her care on probation.

## GETTIN' IN POLITICS.

The Lexington Herald's "Notes of the Traveling Men" has the following regarding the political aspirations of a well-known representative of a Paris concern:

"E. C. Kash, of the Paris Milling Company, is an aspirant for Railroad Commissioner from the Third district and is counting on the help of his brotherhood of the U. C. T. He will surely get it and that's some help, too."

## HOME SERVICE CAMPAIGN SALVATION ARMY DRIVE.

Work for the Home Service Fund of the Salvation Army will start promptly, in fact has already begun, an organization for the drive, with some of the best men of the State in charge, having been perfected. News from the State Headquarters at Lexington, where Col. I. Sobel is in charge of the State campaign, is to the effect that the outlook for Kentucky going over the top, is excellent and that this worthy organization will be given the needed funds to look after the wants of returned and returning soldiers as well as they looked after the fighting men at the front in Europe.

Sunday, June 22, will be Salvation Army Sunday in all the churches of Kentucky, the ministers having been asked to preach at that time on the work of the Army at home and what it did for the soldiers abroad. The next day, June 23, the drive for the Home Service Fund actually starts and it will be completed Monday, June 30.

With the problem of establishing boozeless saloons where there is a demand for them, finding work for unemployed soldiers and others who may want work after the saloon has passed out, there will be plenty of use for the fund to be raised in this drive and Commander Evangeline Booth and her co-operators at the head of the Army are sufficient assurance that it will be properly expended.

## GIRL SCOUT EMPLOYMENT BUREAU.

The Girl Scouts are offering themselves at twenty-five cents per hour for work as follows:

Gardening, nursing or caring for children, staying with sick people, do light housework, such as wash dishes, dust, or iron handkerchiefs, wait on table at parties, and run errands anywhere in the city. Errands not requiring over thirty minutes will cost ten cents. The Scouts can be reached for service every day after June 15th from 9 to 12 a. m. and from 1:30 to 5:00 p. m. at Home phone pay station Y. M. C. A., but Scouts will stay at work till dark. None available after 5 p. m., unless previously engaged. Call pay station, Home phone, Y. M. C. A.

## WOOL WANTED

Will pay highest market price. Sacks furnished free. CHAS. S. BRENT & BRO.

## SEE THE FIRELESS GAS RANGE.

Save fuel, food, time and have convenience, efficiency that is found in using the Chambers Fireless Gas Range. Let us show you the five good points.  
(30-8t) JOHN MERRINGER.

## BOY SCOUT CAMPAIGN TO BE PERSONAL SOLICITATION

The intense heat of Sunday afternoon and the growing indifference of the public toward "campaigns" of all kinds will probably account for the lack of interest and attendance at the mass meeting called for Sunday afternoon at the Paris Grand Opera House in the interest of the Boy Scout movement.

There was a fairly good sized crowd present when the exercises were opened, but it was plain to see that the interest in the campaign was only lukewarm, and that it would take some genuine hustling to put the quota over. After a speech by Dr. Bull, of Louisville, detailing the aims and objects of the drive, a meeting of business men was held, at which it was decided to conduct the campaign on the personal solicitation basis, the work to be undertaken by the members of the local Boy Scouts organization. The work was begun yesterday. After the city has been thoroughly canvassed the workers will be taken in automobiles through the county for the same purpose. The county's quota has been placed at \$1,000, and it is thought that the amount will be raised without much trouble.

The campaign must close this week and it is hoped that anyone who has been overlooked by the Boy Scouts will call on either Mr. Buckner Woodford, at Bourbon-Agricultural Bank & Trust Co., Mr. Rudolph Davis, at the George W. Davis undertaking establishment, or Mr. J. Walter Payne, at the Paris postoffice and leave their subscriptions or pledges. This is not a local campaign, but is a national and nationwide drive, endorsed in person by President Wilson and all the high officials of the country. Help the boys with your contribution to-day.

## FOR THAT HOT FEELING

We recommend our Vassar Union Suits in Nainsook at \$1.50 the suit. Light weight nighties, too.  
J. W. DAVIS & CO.

## LATEST ON THE TOWN!

Have you seen the new car? OAKLAND MOTOR SALES CO., 108 Tenth Street.

## TO HOLD SCHOOL ELECTION

The election to put into effect the conversion of the North Middletown College grounds and buildings into a graded high school will be held on Tuesday, July 15. The district, which under the agreement has been enlarged so as to take in practically all of the Plum Lick School territory, has about 14,000 acres of land; is valued at about \$1,500,000; has more than two hundred pupils and will call for a levy of fifty cents on each \$100 worth of property assessed for State and county purposes.

## BOURBON CIRCUIT COURT

The June term of the Bourbon Circuit Court convened yesterday morning for a two weeks' session, with Judge R. L. Stout presiding and the prosecution represented by Commonwealth's Attorney Victor K. Bradley, Georgetown, and County Attorney D. D. Cline. Following the administering of the oath to Sheriff McClintock and Deputy Sheriffs Gilkey, Marshall and Gibson, the grand jury was selected and sworn by Circuit Clerk W. H. Webb.

In his charge to the jury Judge Stout said that the State Legislature in fixing a term of the Circuit Court in Bourbon county in the month of June certainly did an act which could not meet with the approval of the farmers. He told them that he knew that every hour lost by them at this time meant a great deal, and appreciating that fact he did not propose to keep them any longer than was absolutely necessary. He advised the taking up of a number of cases of persons confined in jail who were unable to give bond, and to give them first consideration. He was pleased to tell them that from reports from the county officials there was very few violations of the law for them to consider.

The following gentlemen comprise the Grand Jury:

Walter Kenney, Foreman.  
Elijah Carr.  
C. J. Doyle.  
W. H. Shropshire.  
King Redmon.  
C. H. Dalzell.  
Ivan Soper.  
L. R. Rogers.  
Joseph Farris.  
W. O. Fuller.  
M. H. Davis.  
O. T. Wagner.

Following the retirement of the grand jury to commence their deliberations, Judge Stout called the case of Oscar Johnson, who at the June term, 1918, was given the death sentence for the killing of Walter Rice in Paris. At the previous term of court Johnson's attorney, Oscar T. Hinton, presented an application for a new trial, introducing a number of witnesses. In announcing his decision Judge Stout said that the prisoner had been given a fair and impartial trial. That the instructions the jury had covered every ground and that every right of the prisoner had recognized. That he could see no reason to uphold any plea of prejudice or passion on the part of the jury, and that the evidence given in the motion for a new trial had not been verified. He had given the case most careful study, and with great mental trial. It was a most unpleasant and distressing duty for him to perform in denying the motion for a new trial.

Johnson, who was in court, accompanied by his two sisters, was then told to arise and was asked by the Judge if he had anything to say why the judgment of the court should not be passed upon him. With a deep pallor overspreading his face, but otherwise showing no emotion the prisoner shook his head.

It was then ordered that he be taken to the prison at Eddyville, Ky., and there confined until August 15, 1919, at which time a current of electricity should be passed through his body sufficient to cause death.

Following the sentence Attorney Hinton gave notice of an appeal to the Court of Appeals of Kentucky. The Judge ordered the judgment to be filed along with the notice of appeal.

Court adjourned until this (Tuesday) morning, to reconvene at nine o'clock.

## ELECTRIC FANS — KEEP KOOL AND COMFORTABLE.

Largest shipment of Westinghouse electric fans ever brought to Paris has been received. All sizes, styles and prices. See the small bed room fan—it is a comfort almost indispensable.

PARIS GAS & ELECTRIC CO.  
(3-tf)

## MONEY RIGHT IN YOUR HAND FOR EGGS, POULTRY AND JUNK.

Highest cash price for eggs, poultry, hides and junk.  
MUNICH & WIDES CO.,  
(11-tf) Eighth Street, Paris, Ky.

## COURT OF APPEALS ORDERS NEW SCHOOL TEXT BOOKS.

The Court of Appeals sustained the Franklin Circuit Court, which threw out the State text book adoption and ordered the commission, of which Governor Black is chairman, to reassemble and make an entire new adoption for rural schools. Twenty-six publishers had contracts which amounted to more than \$3,000,000. Most of the rural schools open July 1. The commission must meet, advertise, make adoptions, outline a course of study and get the books distributed before that time.

The Transylvania Printing Company, of Lexington, had contracts for the speller and copy books.

## IN NEW POSITION.

Miss Nancy Hughes, who has been manager of the Western Union Telegraph Co.'s local office for sometime, has gone to Washington, D. C., where she has secured a good position in the Treasury Department at a fine salary.

Miss Hughes is succeeded here temporarily as manager by Mr. Walter Payne, of Lebanon, who comes highly recommended.

## DEATH REVEALS ROMANCE IN BOURBON MAN'S LIFE.

In connection with the death of Mr. A. Detwiller, which occurred recently at his home in North Middletown, this county, there has come to light a bit of interesting romance.

Mr. Detwiller was born in Mulhausen, in the province of Alsace, in France, so intimately associated now with the tragic events of the devastating world war that tore that country from France and gave it temporarily into the keeping of the Huns. He emigrated to this country when quite a young man, about the time the Civil War was embroiling this country. He located in Cincinnati, where he remained for some months, and finally decided to come to Kentucky. He was told that one of the best locations in the State for him would be in North Middletown. He came there and settled down. While residing there he married Miss Ella Clendenin, an aunt of Mr. Detwiller was by this time an ardent American and his loyalty was of the purest kind, being one hundred percent, without an alloying trace. He often expressed a hope of being able to visit the country of his birth again, but business and family cares intervened and the opportunity was never afforded.

When his son, Mr. Allie Detwiller, was taken in the draft, in the service of Uncle Sam's big overseas army, he was asked by his father to visit Alsace if the chance was afforded. In the line of duty young Detwiller was sent into Alsace by a stroke of good fortune and had ample opportunity of spending some time among those who had known his father in his youth. He wrote his father, detailing his experiences and told of meeting of many comrades who had known Mr. Detwiller when they were boys in dear old Alsace. When peace and victory finally descended upon the war-torn country Mr. Detwiller was overjoyed to know that his country had been saved from despoliation and that it would pass forever from the grasp of the Hun. In all his later life since he became an American citizen Mr. Detwiller was an ardent admirer of America, a lover of nature and a genuine whole-souled, likeable gentleman.

## ANNUAL MEETING OF CLOTHIERS AT LEXINGTON, TO-DAY.

Between 100 and 150 Kentucky retail clothiers are expected in Lexington, to-day and to-morrow, to attend the fifth annual session of the Kentucky Retail Clothiers' Association, which will convene this morning in the ball room of the Phoenix Hotel.

The feature of the convention will be a practical demonstration of how to dress show windows effectively, which will aim to provide members an actual knowledge of the correct draping of merchandise. The demonstration will be in charge of Boyd D. Baker, display manager of Levy Brothers, Louisville.

Several speakers of national prominence in their line of business will make addresses on different phases of the clothing business. The address of S. N. Baskin, advertising manager of B. Kuppenheimer & Company, of Chicago, on "Advertising, Good and Bad," will be a special feature. Mr. Baskin is one of the leading advertising men of the country, being the designer of the well-known window cards advertising Kuppenheimer ready made clothing for men.

The committee arranging for the convention are: Reception, Harry Kine, Stewart Tracy, W. C. Fisher, F. M. Boone, Joe Graddy, Maurie Loevenhart, E. P. Perry; program, Nick Ryan, George Geddes, Jeff Stewart, of Winchester, and Withers Davis, of Paris.

The officers of the Kentucky Retail Clothiers' Association are: Granville Burton, Louisville, president; I. L. Price, Paris, vice president; Withers Davis, Paris, secretary; A. L. Robinson, Shelbyville, treasurer.

## INTERESTING SOUVENIRS EXHIBITED.

Interesting examples of how a man can turn his mechanical ingenuity to account are shown in the exhibition of souvenirs in A. J. Winters & Co.'s show window.

From fragments of shells and rifle cartridges picked up on the battlefield of Ypres, Privates Kitchner and Carmichael, members of the Canadian Reserves, fashioned a candle stick and paper knife of artistic design. The handle of the paper knife is made from a rifle cartridge, the blade, made from a shell cover, being fastened in the split portions of the cartridge.

The candle holder is made from a fragment of shell, which was picked up shortly after it had exploded on the battlefield. The souvenirs are of polished brass. They were presented by the soldiers to Miss Mary Stone, of Paris, who was a member of the nursing staff of the Dr. Barrow Base Hospital Unit No. 40, stationed in England for several months.

## TAX BODY FIXES VALUES OF MANY CORPORATIONS

The State Tax Commission at Frankfort, Saturday, tentatively assessed the total value of numerous miscellaneous corporations. Before the assessments are made final the companies will be granted hearings by the commission.

The Paris Gas & Electric Co. was assessed at \$127,500, and the Paris Water Co., at \$52,200.

## —WE KNOW NOW—

# STRAW HAT TIME

## IS HERE

## Don't Be Without One!

There is nothing in the way of headwear that takes the place of a Straw Hat or Panama in hot weather.

We are showing all shapes and kinds in Panamas, Leghorns, Bankoks, Plain Sailor Straws, Rough Braids and Sennets.

A very stylish rough straw made with turned-up brim, one of the newest styles shown in town for the young fellow who wants something extremely different—self-conforming and very light weight.

## Panamas

From

**\$5.00 to \$12.00**

## Straw Hats

From

**\$2.00 to \$5.00**

Take off that hot felt hat and replace it with a cool, comfortable straw.

**MITCHELL & BLAKEMORE**

dates, obituaries and resolutions, and  
similar matter, 10 cents per line.  
Special rates for large advertise-  
ments and yearly contracts.  
The right of publisher is reserved  
to decline any advertisement or other  
matter for publication.  
Announcements for political offices  
must invariably be accompanied by  
the cash.

## EDITORIAL MUSINGS.

### Taking a Chance.

We remember two boys who, in  
childhood and youth were very good  
friends, yet were congenial in but  
few respects. Jack and William  
(only those were not their true  
names) were as opposite as the two  
poles.

Jack was a regular little rough  
neck. He used to throw snow balls  
in the winter and mud balls in the  
summer. William did not join in the  
sport because it was too rough; he  
feared for his clothes, or worse, a  
crack in the face.

William was a great reader. So  
was Jack—of adventure stories and  
tales of heroism and mystery.

Jack learned to swim ere he put on  
long trousers; while William only  
went in where it was "hip-deep."

"When the twain reached high school  
Jack was on the football,  
baseball and basketball teams, and  
William was a good rooster but he  
would not take a chance of getting  
hurt. Jack did figure in the casualty  
lists occasionally, but he always came  
through and when cautioned regard-  
ing the danger in the rougher sports,  
would always reply that, "Nobody  
never got nowhere, who didn't take  
a chance."

When examination time came William  
graduated with highest honors. Jack  
wiggled through by the skin of his  
teeth.

Both secured positions in the offices  
of the same large corporation,  
and at the same salary.

One day the manager offered to  
William a position as salesman. The  
salary was smaller than he already  
was receiving, but there was a future  
—if he made good. After careful  
consideration he refused. The manager  
went after Jack, who gave hardly  
a second thought and accepted. "I'll  
take a shot," he said to William, who  
had argued to let "well enough  
alone."

William still is in the office—not  
very high up, for he fears failure.  
Jack is General Sales Manager.

William makes a good living and  
drives a flivver, while Jack's salary  
is a peach, he owns stock in the con-  
cern and he drives an automobile.

### As To Women Workers.

An element that enters into the  
woman workers problem is the ris-  
ing cost of living, and the daughters  
in the family who are contributing  
from 25 to 33 per cent. of the total  
income of the household are agreed  
that until the standards of cost are  
reduced that they dare not quit their  
employment. Many of them, as a  
matter of fact, have postponed the  
ringing of the wedding bells for this  
very reason.

In Washington women have long  
outranked men in carrying on the  
detail of clerical work in Government  
offices. The war simply multiplied  
their numbers, but the proportion  
by which they increased in numbers  
as compared to men, remained un-  
changed. In volunteer work  
throughout the country women out-  
stripped the men, for there were few  
women who did less than knit and  
sew. The Red Cross and Food Con-  
servation enlisted the co-operation of  
practically every woman in the coun-  
try.

One interesting feature of the  
Cleveland street railway situation  
shows that of the 173 women em-  
ployed as conductors that 153 of 88.5  
per cent had formerly been employed  
in other trades, or in manufacturing.  
The theory that women have entered  
industrial employment for patriotic  
reasons does not seem to be borne  
out by figures like the above, which  
may be accepted as thoroughly rep-  
resentative of conditions. It might  
just as well be recognized that the  
era has arrived when everybody

works—"even father." Lounge li-  
zards, club loafers and society belles  
have been delegated by the New  
Spirit into the N. G. class.

### Habit and Impulse.

Habit—an awful word! You have  
them, so have we—and don't we hate  
them? But they are so hard to  
break. For instance, because of habit,  
we cannot crawl into bed at night  
and go right to sleep. No, we must  
first rest on one side, then the other,  
and then on the back before we can  
sleep.

Some people, when seated, wiggle  
their feet up and down and sideways,  
unconscious the whole time that they  
are wasting energy. Other people,  
when reading or at picture shows,  
bite their nails. Habit makes makes  
some of us swear—makes some of us  
smoke cigarettes.

Then there is impulse! Did you ever  
have an almost uncontrollable im-  
pulse to do something you ought not  
to do? We have. During the most se-  
rious sermons a desire has crept over  
us to throw a hymn book at the head  
of some one. It was inspired, this  
desire, because we knew we shouldn't  
do it. Have you ever wanted to jump  
from a high building, at the same  
time realizing the awfulness of such  
an act? Aren't we just a lot of kids  
when impulse gets us?

We'll say we are.

### Who Are You?

Are you known by your own name,  
or are you known merely as your  
father's son?

Are you known by your own good  
qualities and by your own acts, or  
are you remembered simply because  
you bear the name of better people  
who conceived you and brought you  
into this world?

The young man who can look his  
elders straight in the eye and say "I  
am James Martin," already has op-  
portunity at his feet, but the fellow  
who can say nothing more than that  
"I am Robert Martin's son," will still  
be groping in the darkness of the fu-  
ture after opportunity has vanished  
forever in the distance.

Be something, do something, create  
a personality of your own, and the  
world will know you and respect you  
for what you are and not for what  
your parents were before you.

But continue content as "another  
man's son" and you will be accorded  
the respect and privileges only of  
"another man's son," and when death  
overtakes you your home paper will  
speak charitably of you merely as  
"another man's son."

A true American needs no ances-  
tors.

### Famous Buildings in Weimar.

Conspicuous public buildings in Weimar  
are the Wittumspalais, the old  
ducal dower house, containing Pre-  
ller's famous mural paintings of the  
Odyssey; the Goethe-Schiller archive,  
an imposing edifice on an eminence  
above the river Ulm, in which are  
treasured manuscripts by famous Ger-  
man writers; the Liszt museum; a  
gymnasium; a Realschule, or school  
for girls, founded by the Grand Duch-  
ess Sophia; a grand ducal school of  
art; technical, commercial and music  
schools, geographical institute, teach-  
ers' seminaries and other institutions  
of learning.

### Photograph in Photography.

A photographer has found a photo-  
graph a valuable aid in obtaining the  
desired facial expression in a sub-  
ject. After studying the face of the  
person whose likeness he is to obtain  
he decides whether he wishes an an-  
imated, reserved, sad or pensive ex-  
pression. He then places a record in  
the photograph likely to stimulate  
the expression desired. For animation  
he will play such a tune as "Dixie,"  
while to produce a sad or thoughtful  
expression "My Old Kentucky Home"  
may be played.

### First Time Reckoning.

Perhaps the first reference to at-  
tempts to reckon time by mechanical  
means is found in Isaiah xxxviii, 8,  
written supposedly about 713 B. C.,  
"the sun dial of Ahaz." Pliny says  
that Anaximander invented a sun dial  
about 550 B. C. The first sun dial at  
Rome was placed in the temple of  
Quirinus, about 298 B. C., when time  
was divided into hours. The clep-  
sydra, or water clock, was the next  
time recorder invented.

### Sacrilege.

The Kansas Industrialist says skunk  
oil and rattlesnake oil are worthless  
as balms for rheumatism and kindred  
ills. Just how far should college  
papers be allowed to go in interfer-  
ence with free beliefs founded on the  
traditions of centuries? Pretty soon  
these young whippersnappers will be  
telling us that asafetida amulets  
ward off neither germs nor devils, and  
that red beads around the neck won't  
stop nosebleeds.—Grit.

### For Bed, Board and Laundry.

Here is a perfect gem of misplaced  
English from a woman answering an  
advertisement for a French governess  
"au pair"; "I know a little English,  
and could give easy, at once, lessons  
in French, for which I will be nour-  
ished, lying down and bleached, who,  
I think, are the conditions 'au pair.'"  
—Boston Transcript.

### DOUGBOY'S ADVANTAGE.

One of the advantages of being a  
mere doughboy instead of a general  
is that if you're a doughboy you  
need not be ashamed to admit you  
are homesick.

## BOHEMIA HIVE OF INDUSTRY

Little Country, Now to Be Given Op-  
portunity to Progress, Has Been  
Much Misunderstood.

Not one of the little countries which  
have come into being as independent  
states, or parts of new nations, since  
the triumph of the allies, is more often  
misunderstood in America than Bo-  
hemia has always been. The very  
name has implied, for many persons,  
the unsavory ways of artists,  
the gypsying of vagrants, and the im-  
pudence of restraint which is sup-  
posed to characterize countries remote  
from great centers of trade and in-  
dustry and rather backward in their  
business interests.

But Bohemia is a wonderful hive of  
hard-working and skilled artisans. It  
is one of the most densely populated  
countries in the world, exceeding, in  
that respect, Germany, Austria-Hun-  
gary, as a whole or in either half of  
the old monarchy, and even Italy. The  
number of inhabitants, in proportion  
to the area, is 75 per cent greater than  
it is in France. Bohemia is almost  
exactly half as large as Ohio, but its  
population, nearly 7,000,000 at the be-  
ginning of the war, is about 35 per  
cent greater than that of this state.

There is no other division of Aus-  
tria-Hungary, taking into the reckon-  
ing the entire territory formerly in  
that dual monarchy, which is equal to  
Bohemia in manufactures. It is a  
notable center of iron and steel pro-  
duction. Its textiles are an impor-  
tant factor in the trade of Europe, and  
its glassware, china, sugar, beer, chem-  
icals, paper, tobacco, lace, toys and  
many other products of skill and pa-  
tient labor are widely known. Necess-  
sarily, the commerce of so busy a  
country is large and far-reaching.

All that Bohemia needs is the op-  
portunity which has come at last to  
prove the capacity of its people for  
great progress beyond the level they  
have already attained.

## MAKE YOUR OWN DIAGNOSIS

All One Needs to Determine Physical  
Condition is to Test by Clini-  
cal Thermometer.

The best way of asking a friend how  
he is, is not to say flippantly: "How  
are you blowing?" or even "How's  
your liver?" but simply and suffi-  
ciently: "How's your temperature?" Ac-  
cording to your temperature you are  
well or ill, alive or nearly dead. In  
fact, there are only ten degrees be-  
tween blooming health and certain  
death, observes a writer in London  
Answers.

The temperature of the air has nothing  
to do with the temperature of the  
body, which is the temperature of the  
blood. The Eskimo in health sends  
the clinical thermometer to the same  
spot as the Negro in Timbuctoo, viz.,  
98 degrees Fahrenheit. The tempera-  
ture of the air will sometimes vary 40  
degrees in the same day, but if the  
temperature of the body goes up two  
degrees, you are ill; four degrees, you  
are very ill; six degrees, and the doc-  
tor is very anxious; eight degrees, and  
you are at death's door.

Anybody can take a temperature,  
even his own. It is a great safe-  
guard to possess and use a clinical  
thermometer. Ninety-eight degrees, all  
right; 100 degrees, stay at home; 101  
degrees, go to bed; 102 degrees, send  
for the doctor. Anything higher than  
that is a doctor's job.

### The Economy General.

Gen. Sir Henry Horne, "the man who  
took Douai," has been called the econ-  
omy general through skillful manip-  
ulation of men and his small casual-  
ty list. His name will be handed down  
to posterity as the man who invented  
the "creeping barrage" system, which  
came into universal use on the battle-  
field. With the assistance of this bar-  
rage, he captured Fricourt, Mametz  
and Douai, gaining maximum results at  
minimum cost. His losses in men and  
material on each occasion were very  
light.

General Horne belongs to the Old  
Contemptibles, and he saw service also  
in the South African war. His proudest  
moment during that campaign was  
when General Cronje surrendered to him.

### May Throw Light on History.

A number of archeologists from the  
Tokyo Imperial university and else-  
where are making excavations in the  
compound of the Hakusan shrine,  
Toyama prefecture, said to be a most  
valuable storehouse of material for  
historical study. Doctor Shibata of  
the Tokyo university is quoted as say-  
ing: "We may discover some clues  
as to whether our forefathers came  
from Corea or from Saghalien." At  
the place mentioned a number of bones  
of women and children are being un-  
earthed.

### Clemenceau, Playwright.

Like many another Parisian of pol-  
itics, Monsieur Clemenceau is inter-  
ested in the finer things of theater  
and, like, Waldeck-Rousseau before  
him, assiduously frequents it even  
though he happens to be prime min-  
ister of France. In his years of leis-  
ure he has dabbled also in the writing  
of plays and two of his pieces, "Les  
Requins" and "Le Volle du Bonheur,"  
have found place on the stage.—Boston  
Transcript.

### Held at a Distance.

"Father," said the ex-crown prince,  
"why do you keep the title 'count'?"  
"As a sort of compromise. I feel  
that very few people are going to like  
me, well enough to want to call me  
by my first name."—Boston Evening  
Transcript.

## PROGRAM OF ELEMENTARY SUN- DAY SCHOOL CONFERENCE.

**Program**  
Mr. Dennis Snapp, Sunday School  
Field Secretary, Kentucky Conference,  
presiding.  
Mrs. Geo. E. Cameron, Elementary  
Superintendent, Kentucky Confer-  
ence.  
Music furnished by the Paris Ele-  
mentary Department, Mrs. H. A.  
Power, Superintendent.  
10:00 a. m.—Devotional—Rev. G.  
R. Combs.  
10:20 a. m.—Welcome—Mr. Den-  
nis Snapp.  
10:30 a. m.—Response—Miss Fan-  
nie O'Brien, District Superintendent  
Jackson District.  
10:40 a. m.—"Our Third Rank  
Standards," Mrs. Mary McClure,  
Superintendent of Covington Dis-  
trict.  
11:00 a. m.—"Our Conference and  
District Standards," Mrs. Geo. E.  
Cameron.  
11:10 a. m.—"Juniors Visitation,"  
Mrs. N. H. Fentress, Lexington.  
11:20 a. m.—"A Cradle Talk,"  
and "Cradle-Roll Prayer," Mrs.  
Percy Lee, and little Miss Dorothy  
Lee, Lexington.  
11:30 a. m.—Address—"Mission-  
aries from the Sunday School," Rev.  
W. V. Cropper, Danville.  
12:00 m.—Lunch.  
1:30 p. m.—Devotional, Mrs. H.  
A. Power, Paris.  
1:40 p. m.—"Graded Literature,"  
Miss Elizabeth Stears, Nicholasville.  
2:00 p. m.—"Story Telling," Mrs.  
Willie Sistrunk Buskie, Lexington.  
2:10 p. m.—"Helpful Object Les-  
sons," Miss Rebecca Oglesby, District  
Superintendent of Shelbyville Dis-  
trict.  
2:20 p. m.—"My Junior Boys,"  
Mrs. G. C. Bundy, Lexington.  
2:30 p. m.—Sectional Meetings  
for Beginners, Primaries, Juniors.  
**Beginners Section.**  
Mrs. H. A. Power, Presiding.  
Organization, Equipment and  
Graded Literature, Discussed by  
Miss Fannie O'Brien; assisted by Be-  
ginners' Teachers. Open Confer-  
ence.  
**Primary Section.**  
Miss Julie Poynter, Presiding.  
Organization, Equipment and  
Graded Literature, Discussed by Mrs.  
O. Rinton, assisted by Primary  
Teachers.  
**Junior Section.**  
Mrs. G. W. Banks, Presiding.  
Organization and Graded Litera-  
ture, and Equipment, Discussed by  
Mrs. B. W. Banks of Winchester,  
and assisted by Mrs. J. E. Moss of  
Nicholasville, and Mrs. N. H. Fen-  
tress, of Lexington.  
3:30 p. m.—"Parent-Teacher Co-  
operation," Dr. B. F. Orr, Paris.  
3:40 p. m.—"The Child for  
Christ," Mrs. W. C. Calvert, District  
Superintendent of Danville District.  
3:50 p. m.—Difficulties in Using  
Graded Lessons and How to Over-  
come Them, Mrs. W. C. Conway, Dis-  
trict Supt. of Maysville.  
4:00 p. m.—Exhibits and Council  
Meeting.  
8:00 p. m.—Evening Service.  
"Looking Upward: Our Con-  
ference," Words from our Field Sec-  
retary, Mr. Dennis Snapp, of Paris.  
"Our Standards: Link Within a  
Link," Mrs. G. E. Cameron, Ele-  
mentary Supt., Kentucky Confer-  
ence.  
It is hoped that at least one work-  
er will be present from each school  
in the Conference.

### Almost-Forgotten Author.

"Lambert Lilly, Schoolmaster," was  
one of the pen names of the Rev.  
Francis Lister Hawkes, an eminent  
Episcopalian divine of New York. Dr.  
Hawkes was born in New Berne, N. C.,  
in 1798, and died in that city in 1866.  
He also used the pseudonyms of  
"Frater, a Protestant Episcopalian,"  
and "Uncle Philip." He wrote "The  
Early History of the Southern States,"  
and had it published under the pen  
name "Lambert Lilly, Schoolmaster,"  
in 1832.

### It Couldn't Be Done.

There was a hard boiled sergeant  
who delighted in "picking on" the men  
just from civilian life. One day he  
was giving the command "Right dress,"  
and one of the fellows was napping  
and did not do as commanded, after  
the sergeant had called it out several  
times. Then the sergeant was furious  
and shouted to the fellow; "Hey, you,  
dress right!" And somebody else hol-  
dered: "How can you dress right on  
\$30 a month?"

### Substitutes for Hickory.

Specifications for handles for in-  
trenching tools were prepared during  
the war by the forest products labora-  
tory at Madison, allowing seven substi-  
tute species in place of hickory and al-  
so certain minor defects, thereby mak-  
ing possible greatly increased produc-  
tion for this class of material and at  
the same time giving satisfactory han-  
dles.—University Bulletin.

### Courting in Argentina.

If an engaged man in the Argentine  
republic dallies beyond a reasonable  
time in leading his fiancée to the altar  
he is heavily fined, and if resident of  
the republic should fail to marry he is  
taxed until he reaches the age of  
eighty.

### Lake With No Outlet.

Lake Chad, in the heart of East Af-  
rica, has no known outlet for the  
many rivers pouring into it. Its wa-  
ters rise and fall with great rapidity.  
The Alexander expedition records that  
frequently spaces over which they had  
sailed in the morning had by evening  
become stretches of dried mud.

### Little Things.

If we suffer little things to have  
great hold upon us, we shall be as  
much transported for them as if they  
deserved it.—William Penn.

The deepest well in the world is  
at Czuchow, in the coalfield of Up-  
per Silesia. It has reached a depth  
of over 7,348 feet below the surface.

## Help Wanted

Good, reliable man and wife—  
man to do farm work and woman  
cooking. Four miles from town on  
interurban. Telephone 256W.  
J. H. THOMPSON,  
Paris, Ky.  
(10-1f)

## Found

Found, on streets of Paris, a ladies'  
brooch pin. Owner may have some  
by proving property and paying for  
this advertisement. Enquire at  
NEWS office.

## Lost

On streets of Paris, Saturday, small  
purse, with stamp of First National  
Bank on cover, containing about \$4  
in money. Suitable reward if return-  
ed to this office. (1f)

## Strayed

From the J. T. Hinton farm on  
the North Middletown pike, near  
Paris, a red spotted bull calf, about  
eight weeks old. Had rope around  
neck. Also from the same place four  
sheep. Reward for their return or  
information leading to their recovery.  
(10-1f) R. L. WILSON.

## Important Notice.

If the little girl who found the  
umbrella at the Paris High School  
last week, and brought it to THE  
NEWS office Tuesday will call or  
send us her name we will be pleased  
to see that the owner of the article  
sends her a suitable reward.

## Ford For Sale

Ford car in good condition. If sold  
at once for cash it can be bought at  
a bargain. (30-1f) MARTIN BROS.

## Lost or Stolen

A soft leather dog collar, with  
license tag No. 1005 riveted on. Re-  
ward for return to (6-1f) JAS. E. CRAVEN.

## Warning to the Trav- eling Public!

The bridge on the Paris and North  
Middletown pike, located between the  
farm of Mr. Toille Young and the  
Harrods Creek pike, has been torn  
out, and will be replaced with a con-  
crete structure.

While this work is going on all  
motor vehicles and heavily-loaded  
wagons traveling between Paris and  
North Middletown should, after  
rains, take the Paris and Winchester  
pike, and the Spears Mill pike.

# SON OF FORMER PARISIAN HURT IN AUTO ACCIDENT.

C. R. Wade, of Winchester, is in a serious condition at the Good Samaritan Hospital, and T. F. Brannon, Jr., of Lexington, sustained numerous cuts and bruises as a result of an automobile accident which occurred on the Versailles pike, two and a half miles from the city limits of Lexington, shortly before midnight Thursday.

The two men were on their way to Louisville in a Ford car when Wade, who was driving the car, attempted to adjust the carburetor while running at a high rate of speed. The machine left the road, turned over and was demolished.

Wade sustained injuries which his physicians believe will prove fatal. He sustained internal injuries, a broken arm and numerous cuts and bruises about the head and body. He is 24 years old.

Brannon, who is the son of T. F. Brannon, formerly of Paris, proprietor of the Brannon & Hughes saloon, was also taken to the Good Samaritan Hospital, but was able to leave after having his injuries dressed.

# FORMER PARISIAN LOSES LIFE IN AUTO ACCIDENT.

As the result of an accident caused by losing control of his automobile, Mr. Russell Mayes, a well-known and popular traveling man, a former resident of Paris, was dashed to death near Williamstown, Friday, while en route to Cincinnati to purchase a new machine. The machine in which Mr. Mayes was riding in some unaccountable manner swerved from the road and was overturned, throwing him out crushing his skull. Passers-by who came along in a short while after had the body removed to Williamstown, from where it was taken back to Lexington, being met there Saturday morning by a delegation from the United Commercial Travelers, of which he was a member.

Mr. Mayes was the only son of Mr. and Mrs. Jos. Mayes, of Carlisle, and was for a long time connected with the Power Grocery Company, in this city, as a member of the traveling salesman force. He later moved to Lexington, where he became the representative of the Old Koenig Tea & Coffee Co., of Cincinnati, for whom he was traveling at the time he met his untimely death. Mr. Mayes was immensely popular and deservedly so all through this section of the State, and was a man whom everyone liked.

Short services were held at the family home, in Lexington, Sunday afternoon, after which the body was taken to his old home, in Carlisle, for interment. The funeral was held at four o'clock, Sunday afternoon, with services conducted at the grave in the Carlisle Cemetery by Rev. W. E. Crouch.

He is survived by his parents, Mr. and Mrs. Jos. Mayes, of Carlisle, his widow, Mrs. Anna D. Mayes, a sister of Mr. Wm. Dudley, a prominent Eastern Kentucky capitalist and oil man, and two children, Miss Bessie Dudley Mayes and Ruth Mayes.

**Fire, Wind and Lightning Insurance.**

# GEORGETOWN HOME DESTROYED BY VISITATION OF FIRE

Fire, probably caused from a coal oil stove, destroyed the home of Miss Laura Clarke, in Georgetown, and Mrs. Ella Hickerson, a nurse, who occupies the upper story of the house was temporarily cut off by the flames and smoke from getting down stairs. When she got down to the ground by aid of ladders, Mrs. Hickerson, who is 60 years old, was almost overcome. Insurance which she carried on her furniture had recently expired.

Mrs. Hickerson was housecleaning her apartment and lighted her coal oil stove. Going into an adjoining room she smelled smoke. Being pinned in in the room, she screamed for assistance, which attracted the attention of passersby who sent in the fire alarm.

# HENDERSON TOBACCO PLANT BURNED AT LEXINGTON.

Fire of unknown origin destroyed the plant of the Henderson Tobacco Company and its contents in Lexington late Saturday afternoon, causing a loss of approximately \$32,000. The fire was discovered shortly after 4 o'clock. The plant was partially covered by insurance. The plant is located on Roosevelt avenue.

A frame dwelling house adjoining the plant caught afire, the roof and sides being damaged. The house was owned by Dr. Hawkins. The damage done to the house was estimated at between \$800 and \$1,000.

**INSURANCE.**  
Fire, Tornado, Lightning  
Automobile and Mail.  
YERKES & PEED.  
(Jan 14-15)

## SERVING LICENSE NOTICES

Chief of Police Link and the patrolmen of the police force were busy yesterday serving notices on Paris business men of the new license schedule required of them, effective July 1.

## CUTTING DOWN FORCE.

Nineteen men, mostly employed in the yards and in other places around Paris, were "laid off" last week by the Louisville & Nashville. The reason for the suspension was not made public.

## MATRIMONIAL.

A marriage license was issued Saturday from the office of County Clerk Pearce Paton to Mr. Harvey W. Myers, of Paris, and Miss Edith Bentley, of North Middletown.

A marriage license was issued from the office of County Clerk Pearce Paton to Mr. Norman E. Fleming, of Sharpsburg, and Miss Willie Clinkensbeard, of near Carlisle.

Dame Rumor is again busy conferring with Dan Cupid in linking the names of two well-known and popular young Paris people as candidates for matrimony. It is said the engagement will be announced in a few days. The young man in the case is prominent in railroad and business circles of the city. The prospective bride is an attractive and prepossessing young woman, an accomplished musician, and greatly admired by all who know her.

**BERRYMAN-PARKER.**  
—News was received here Saturday of the marriage in Jeffersonville, Indiana, of Mr. Thomas Parker, son of Mr. and Mrs. George Parker, of Maysville street, and Miss Tempa Berryman, of Lexington.  
The groom was formerly in charge of the Western Union Telegraph Co.'s office in Paris, and later in Lexington and Middlesboro. He is now stationed in the company's service in the Lexington office. The bride is an attractive young woman and a niece of Mr. Charles Berryman, of Lexington.

**EWALT-PARRIS.**  
—Mr. Bosley Champ Parris, and Miss Allene Ewalt, both of Paris, secured a marriage license here Saturday, and were married yesterday afternoon in Lexington.

The ceremony was performed at 1:30 o'clock at the home of Mr. and Mrs. Harry Minter, by Rev. Dr. I. J. Spencer, of Lexington. The attendants were Miss Georgia Speakes, Mr. Frank Speakes and Mr. A. J. Duncan, all of Paris. After the ceremony Mr. and Mrs. Parris left on a honeymoon trip to New Orleans.

The groom is a son of Mrs. I. O. Barnett, of Paris, and is in the employ of the Louisville & Nashville in the yard clerk's office. The bride is a daughter of Mr. and Mrs. Walker Ewalt, and is a very charming and popular young woman.

## ALEXANDER-KING.

—Mr. Kenneth D. Alexander and his bride, formerly Miss Mollie King, were united in marriage with a religious ceremony in the King apartments at the Hotel Ansonia in New York City, Father Chambers, of the Blessed Sacrament, officiating. They had previously been married by civil ceremony in the New York municipal building by the Deputy City Clerk, on May 26.

Miss Nellie King was her sister's only attendant, and Mr. Marner P. Sayers, of Covington and Lexington, who stood up with Mr. Alexander on the earlier occasion, was again the best man.

Only a few close friends and relatives attended the ceremony, but afterward about fifty friends, most of them associates of the bride during her theatrical career, were guests at a dinner at the Ansonia. Among them were Mr. and Mrs. Donald Brian, Mr. Lee Shubert, Mr. and Mrs. Clifton Rhodes, Mr. and Mrs. Sam Harris, Mr. Gilbert Raine and Mr. and Mrs. Charles King, brother and sister-in-law of Mrs. Alexander.

Mr. Alexander and his bride expect to come to their Kentucky home, Woodburn Cottage, in Woodford county, early this week.

**HOLT-SAMPSON.**  
—The marriage of Miss Kathryn Holt and Mr. Norman L. Sampson, both of Paris, took place Saturday morning at 6:30 o'clock at St. Peter's Catholic Church, in Lexington. Following the ceremony the happy young couple left for a short honeymoon trip, and on their return will make their home in Paris.

The bride is the oldest daughter of Mrs. Blanton Holt, of Lexington, formerly of Paris, and is a strikingly handsome young woman of many graces of character. She has been a member of the clerical force in the office of Roadmaster Nickerson, of the Louisville & Nashville, for the past two years.

The groom is a member of the civil engineering staff of the Louisville & Nashville, highly esteemed for his ability and efficiency.

The attendants at the wedding were Mr. Edward Holt and Miss Nellie Holt, brother and sister of the bride.

The engagement was announced last April, but the bridegroom was drafted into the army service before the wedding date was set.

Mr. and Mrs. Sampson were the recipients of many handsome and useful gifts. The bride's uncle, Mr. J. P. O. Conner, a former Paris boy, now residing in El Paso, Texas, sent a check for \$500.

Is the sex line only physical and not moral?  
SEE  
'WOMAN'

## SPECIAL ATTRACTION AT THE GRAND FRIDAY AND SATURDAY

"Woman," Maurice Tourneur's elaborate photoplay supreme, which the management of the Grand Opera House offers as a special attraction for a two-days' showing, starting next Friday, is a film of novel appeal.

Mr. Tourneur produced "Trilby," probably the greatest picture of Clara Kimball Young's career. He made "The Whip," one of the most sensational melodramas ever screened. He discovered Doris Kenyon and Vivian Martin. He directed Mary Pickford in some of her most popular productions, including "The Poor Little Rich Girl." He made Marguerite Clark's favorite vehicles, including her exquisite "Prunella."

Into "Women," Mr. Tourneur put all his artistic ability. "Women" was the labor of love. The idea for the production came to Mr. Tourneur some years ago upon reading George Moore's "My Dead Life." Then it was that the idea of "Woman" developed.

"Woman" is divided into a prologue, five episodes and an epilogue. The prologue is modern, showing a philosopher of 1919 moralizing upon woman. Then his mind flashes back through history and five episodes are unfolded. The first deals with Adam and Eve in the Garden of Eden. The second moves on Ancient Rome with the Emperor Claudius the victim of his siren mistress, Messalina. The third revolves around the medieval legend of Heloise and the monk, Abbeard. The fourth is fanciful, the Brittany love lyric of a fisher lad and a mermaid. The fifth takes place during the Civil War. Then the story switches back to modern days, with the philosopher of the prologue discovering that the great European war had revolutionized modern woman. Stirring scenes of the conflict close the remarkable production.

(30-31) JOHN MERRINGER.

## TO RAISE FUNDS FOR MASSIE MEMORIAL HOSPITAL

Beginning Friday, June 20, a drive to raise the sum of \$20,000 for the benefit of the Massie Memorial Hospital in this city, will start. The campaign was decided upon at a recent meeting of interested citizens, held at the court house. Mr. Samuel Clay was elected chairman of the campaign and Mr. James Caldwell vice-chairman, which assures the movement being in perfect good hands.

The fund is to be used for the purpose of providing needed improvements at the institution and to meet other demands not included in the everyday expenses. An advisory board was appointed composed of the following: Joseph W. Davis, N. Ford Brent, George W. Wilder, A. B. Hancock, Chas. P. Mann, M. Peale Collier, M. J. Lavin, John Woodford, John F. Davis, Pearce Paton, Ed. Burke, Clarence Thomas and E. B. January.

## CUT THOSE WEEDS!

Is that weed patch yours? Cut them down. The city is just as responsible as a private owner, and should not overlook an opportunity to set an example for others to follow. Some vegetable matter may be pretty and pleasing to the eye, and yet be a menace to the health of the community.

The Board of Health will enforce the ordinance regarding the cutting of weeds in the city. They must be cut within five days from date of this notice.

A. H. KELLER,  
City Health Officer.  
Paris, Ky., June 17, 1919.  
(17-31)

## GETS IN BAD.

Guy Nelson, colored, of Paris, forgot to leave his Gatling gun at home when he paid a visit to Lexington, Saturday night. He was arrested in a store on Limestone street by Detectives Hale and Cropper on a charge of carrying concealed deadly weapons. When searched a miniature cannon was found in his pocket. His forgetfulness brought him trouble, as he was taken to the police station. In police court yesterday he was assessed a fine of \$25 and given ten days in jail.

## SAVE \$3.00 TO \$5.00 ON PALM BEACH SUITS.

Our Palm Beaches are now ready. You know our prices are right. Put one on and save from \$3.00 to \$5.00.  
L. WOLLSTEIN,  
(6-11) 619 Main Street.

## REDUCED FARE TO SESSIONS STATE EDUCATIONAL ASSOCIATION

Reduced fare to the meeting of Kentucky Educational Association this year may be secured by the certificate plan only. When ticket is purchased to Louisville a receipt or certificate must be required of the ticket agent. This receipt is to be presented to the Secretary of the Association, who will countersign it and present to a special agent in Louisville for validation. It may then be exchanged for a return ticket at only one-third the regular fare. The receipt is absolutely necessary with purchase of ticket to Louisville and no consideration can be given if receipt is not presented to Secretary of the Association.

## FARM BUREAU ASSURED

Farmers and their wives shopping in Owensboro will have a place to rest, now that a Farm Bureau is assured. The movement which culminated in this organization, was launched early last May, when Dean Thomas Cooper, of the College of Agriculture suggested a bureau to the presidents of the farmers' clubs and a group of business men of Daviess county.

Five hundred and sixty-two memberships were secured at \$5 each by the veteran solicitors who made the Liberty Loan drives a success. Offices will be fitted up for the County Agent and the Home Demonstration Agent with a portion of this fund. A reading room for farmers and an attractive rest room for their wives will be arranged. The rest room will also have a woman in charge who will look after small children so their mothers may shop in Owensboro in comfort.

## MONEY RIGHT IN YOUR HAND FOR EGGS, POULTRY AND JUNK.

Highest cash price for eggs, poultry, hides and junk.

FARMERS' SUPPLY CO.

## FUGITIVE ARRESTED.

Junius Ayers, of Paris, who recently effected his escape from the Paris jail by squeezing through the bars of his cell and scaling a wall, was arrested in Lexington, Friday afternoon by Detectives Veal and Maloney, on a charge of petit larceny. It was alleged that he had stolen a quantity of wire and electrical supplies from the power-house of the Lexington Utilities Co., on Loudon avenue. Ayers was arrested in Paris by Chief of Police Link as a fugitive, having made his escape from the Greendale Reform School, near Lexington.

Ayers was given a hearing before Police Judge Riley, at nine o'clock Saturday morning, and held to answer to the Grand Jury in the sum of \$500. Failing to furnish this he was remanded to the custody of the Fayette county jailer.

## FORDS IN DEADLOCK

Interlocked like two of the mighty fighters of old, the big moose, two Ford machines were found on the Peacock pike near Paris yesterday morning, abandoned by their owners or drivers.

The machines, from their position had evidently met in a head-on collision, and were reared up on their hind wheels, still further carrying out the simile of the fighters of the woods. It has not been ascertained whether the occupants of the machines were injured or not.

Saturday afternoon a rear-end collision occurred in front of the Moore pool room between two machines, both of which were slightly damaged. The machine in front stopping very suddenly was crashed into by an auto in the rear. No one injured.

## ELECTRIC FANS — KEEP KOOL AND COMFORTABLE

Largest shipment of Westinghouse electric fans ever brought to Paris has just been received. All sizes, styles and prices. See the small bed room fan—it is a comfort almost indispensable.

PARIS GAS &amp; ELECTRIC CO. (3-17)

## FIRELESS GAS RANGES.

Let us show you the five big points in the Chambers Fireless Gas Range. See window display.

(30-81) JOHN MERRINGER.

## TO MAKE FIGHT ON BRIGHT AUTO LIGHTS.

THE NEWS was informed Sunday night that the Bourbon county authorities will begin an active campaign against all automobile owners and drivers having bright headlights on their machines, and those using spot lights, either in the city or the county.

According to the informant all machines must be equipped with dimmers or lenses to prevent a bright light from the headlights. A State law prohibits the use of a spot light on an automobile, either in the city or on a county road.

The fine for a violation of the law is from \$5 to \$25, with court costs added.

It is to be hoped the authorities will go to after the people who park their cars in front of a business house and leave it there for hours at a time. They need a stirring up, also.

## SOCIAL AND PERSONAL.

## Comings and Goings of Our People Here, There and Elsewhere.

—Mr. Fred Frendburg, of Birmingham, Alabama, former resident of Paris, is a guest of friends here.

—Mr. and Mrs. W. O. Butler left Sunday for an extended visit to relatives in Owen county.

—Mrs. W. E. Knox has returned to her home in Eminence after a visit to relatives and friends in Paris.

—Mr. J. W. Whitley, of Patigo, North Carolina, is a guest of his son, Mr. Wade H. Whitley, and Mrs. Whitley, on Vine street.

—Miss Anna Louise White has returned from Hamilton College, to spend the summer vacation in Paris with her parents, Mr. and Mrs. Frank P. White.

—Miss Lenora Alliband has returned to her home in this city after a two-months' visit to Rev. and Mrs. Julian A. McClintock, at the "Summit," in Richmond.

—Mr. Henry Nippert, of Chattanooga, Tenn., who has been visiting his brother, Mr. Phil Nippert, has gone to the Massie Memorial Hospital for medical treatment.

—Prof. Lee Kirkpatrick, Superintendent of the Paris Public Schools, has gone to Hot Springs, Ark., in response to a message apprising him of the serious illness of his mother.

—Mr. James Wilcox, of Daytona, Florida, is a guest of Paris relatives. Mr. Wilcox is now business manager and managing editor of the East Coast News, published at Daytona.

—Mrs. Cassius M. Clay is in New Haven, Conn., to attend the commencement exercises of Yale College. Her son, Mr. Cassius M. Clay III, is a member of the graduating class of 1919.

—Mrs. J. D. Houston, of Wichita, Kansas, who has been a guest of Mr. and Mrs. Watson Judy, at their apartments in the Robneel left Saturday for a visit to relatives in Detroit.

—Miss Helen Hutchcraft, of Paris, has registered for the course in the seventh annual Summer School of Methods, which will convene in Lexington at Transylvania College, tomorrow.

—Mr. and Mrs. Milton C. Ross, of Greenfield, Ohio, and Mr. and Mrs. Edward Rhodes, of Hillsboro, Ohio, are guests of Mr. and Mrs. T. T. Temple, making the trip overland in their auto.

—Mr. and Mrs. Jos. Shawhan, of Centerville, attended the commencement exercises at the Eastern Kentucky State Normal School, at Richmond, where their daughter, Miss Josephine Shawhan, graduates.

—Miss Stella Stevens, who has been teaching in the Paris City Schools during the past school term, has returned to her home in Mt. Sterling to remain until the re-opening of the school in September.

—Mrs. Wade Whitley was hostess Saturday afternoon to a party at bridge. Mrs. James B. Woodford was awarded the first prize and Mrs. Thompson Tarr the consolation prize. Mrs. Whitley also entertained at bridge yesterday.

—Mr. James Higgins, of the Bourbon Laundry forces, who has been in Martinsville, Indiana, for several weeks, taking treatment for rheumatism, returned Sunday, greatly improved. Mr. Higgins visited relatives in Indianapolis before his return.

—Miss Christine Thomason, of Paris, was on the receiving line at a reception and dance given in Winchester by Miss Sallie Prewitt Gay, in honor of Miss Clara Coleman, of Como, Miss, and the members of Miss Elizabeth Pendleton's house party.

—Miss Anna Louise White, of Paris, and Miss Mildred Wood, of Shelbyville, are members of a house party being entertained in Bardstown by Miss Lucy Hinkle. A dinner dance will be given in their home next Friday by Mr. Ogden Stiles.

—Mrs. J. J. Taylor, of Leaksville, South Carolina, and her granddaughter, Margaret Taylor, are guests of relatives in Paris. Mrs. Taylor will be joined in a few days by her husband, Dr. J. J. Taylor, formerly president of Georgetown College.

—Mr. and Mrs. Brinch Meinertiz left Sunday for a two months' visit to the former's parents, Capt. and Mrs. S. Meinertiz, at Strandvejen, Hellerup, Copenhagen, Denmark. Mr. Meinertiz is the head landscape artist at the Xalapa Farm of Mr. Edward Simms, near Paris.

—Mr. and Mrs. J. Stuart Roberts, of near Paris, have as guests Mrs. Roberts' sister, Mrs. Everett Anderson, of Ft. Leavenworth, Kansas. Major Anderson is now in Washington, D. C., on military business, and will join Mrs. Anderson in a few days for their summer vacation.

—Society en masse enjoyed the "assembly evening" at the Country Club near Lexington, Saturday afternoon. For the dinner and informal dance there were a number of parties, large and small. Among the hosts at the tables were Miss Kate Alexander and Mrs. B. F. Buckley, of Paris.

—Mrs. Laura Wiggins and daughter, Miss Rachel Wiggins, entertained at tea at their home near Hutchinson. Assisting in the receiving line were Mrs. J. Miller Ward, Mrs. Sam Clay, Mrs. Warren Rogers, Mrs. Catesby Woodford, Sr., Mrs. John Yerkes, Mrs. Chas. S. Daugherty, Yerkes, Mrs. Chas. G. Daugherty, Nancy Griffith. Over one hundred guests enjoyed the delightful afternoon.

—Mrs. Calla Thomas Nichols was hostess recently a bridge given at her home on Eighth street to a party of friends. The first prize was won of friends. The guests by Mrs. Thomas Buckner. The guests present were Mesdames J. M. Hall, present were Thompson H. Tarr, John Yerkes, Duncan Bell, James W. James Dodge, Buckner Woodford, Henry Judy, Will G. McClintock, Robt. McNeer, Thos. Buckner, Walter Kenney, Frank Collier, O. T. Hinton, J. T. Vansant, Misses Lorine and Ollie Butler, Nancy Griffith, Rachel Wiggins and Macie Talbott.

(Other Personals on Page 3.)

## RELIGIOUS.

—Eld. Frank M. Tinder, pastor of the North Middletown Christian church, began a revival meeting at Jackson, Ky., Sunday. Services were conducted at the North Middletown church at the usual hours Sunday, by the officers of the church.

—An all-day conference-wide Elementary Institute for the Methodist Church, South, will be held in Paris on Wednesday, June 18, at the Methodist Church. District officers, conference officers and delegates from various churches throughout the Kentucky Conference will be in attendance. Miss Annie Marie Hanson, an Elementary Sunday School expert, from Nashville, Tenn., will be present and take part in the program. Other visiting speakers will also be in attendance. The program will be one of unusually interesting features.

## BATHING PARTIES POPULAR

Can you imagine anything more enjoyable at this time of the year, when the mercury is absolutely slopping over the top of the tube, and especially if indulged in by youngsters who know no fear of the water?

The bathing "beaches" around Paris are receiving an extensive patronage these hot nights, and "swimming parties" are the order of the night, as well as the day. Both old and young enjoy the sport. The beach in the rear of the old Bluegrass League ball park seems to be the most popular resort.

## WOOL WANTED.

We pay market price for your wool. Sacks ready. We receive wool at both our North Middletown and Paris warehouses.

CLARKE &amp; YOUNG.

(apr22-1f)

## For Sale.

Ford Roadster, practically new. OAKLAND MOTOR SALES CO. (17-31) 108 Tenth Street.

## Please Return It.

If the party who took distributor parts from Chevrolet car on Millersburg pike will return same to Jack Owsley, Paris, no questions will be asked. (1t)

## For Sale

First-class, 7-passenger, 6-cylinder Studebaker car for sale. Tires in good shape and paint hardly scratched. A bargain for the cash. RAY HARRIS, (17-21) Phones 226.

## Lost

Somewhere in Paris the top of a milk or cream can, made of unusually heavy block tin. Of no earthly use to anyone but the owner of the can. Will the finder please leave it at this office? (1t)

## Plants For Sale.

Late cabbage and tomato plants, in any desired quantity. Excellent stock. One and one-half block from traction line. Call on or address, (17-41) JOS. LAVIN.

Are more men led astray by pure woman than by impure woman?

## LIFT CORNS OFF IT DOESN'T HURT

With fingers! Corns lift out and  
costs only few cents

Pain? No, not one bit! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift that bothersome corn right off. Yes, magic! Costs only a few cents.

Try Freezone! Your druggist sells a tiny bottle, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the mysterious ether discovery of a Cincinnati genius. (adv)

### IMAGINATION

(Wall Street Journal.)

Two New York business men recently attended a lecture on "The Powers of Imagination." On their way home they entered into discussion as to the truths pointed out by the lecturer.

"There is a good deal in imagination, I really believe," said one. "Imagine in your mind what you want and if your conviction is strong and good you can realize your ideal."

"You are right," his friend agreed. Then, after a few moments' thought: "I see concrete examples of it every day in Wall Street."

"Yes?" asked the other interested. "It is good that financial men are realizing a truth that is really helpful in business. Tell me what you know about it."

"I know and hear," said the Wall Street man, "every day of certain groups of people who hold in their minds copper lands, oil strikes, diamond mines and other such things. And because of their strong conviction they are able to reap harvests of gold from the public. Imagination certainly is a wonderful thing."

### BOON TO MANKIND.

It is recalled that the late Dr. Mary Walker was the inventor of the double collar band in men's shirts, which corrected the old evil of the collar button rubbing a blister on a man's neck or leaving a blue birthmark. After all, the eccentric lady doctor wore masculine apparel to some purpose. Neither the casual man nor woman seemed ever to have thought of this simple idea. If all the women would take to wearing men's shirts other improvements might be found and maybe we might get an elastic sleeve. On the other hand, most of the advance in corsets has been made since some of our Hyperions and Apollos have taken to wearing the blamed things.

### ALMOST THE SPEED LIMIT.

(Harper's Monthly.) "At Chattanooga," said a veteran of the Civil War, "one of the men in my command left early in the action and no one saw him till after the battle, when he appeared in camp unwounded and unabashed. Some of the boys accused him of running away, but he wouldn't admit it. 'I only retreated in good order,' he declared."

"I heard of the matter, and a few days later I asked him if he had any idea how fast he had 'retreated.' 'Well, I'll tell you, Cap'n,' he said, 'if I had been at home and going after the doctor, folks that saw me passin' would have thought my wife was right sick.'"

During 1918 the amount of opium sold by Formosa was valued at \$305,629 as against \$162,412 in 1916.

### MICKIE SAYS

## One of the Interesting Exhibits Shown at the Methodist Centenary Celebration

To prove that his soul is above worldly troubles and physical pain, this Hindu fakir nonchalantly reclines on a bed of spikes, much to the amazement of less spiritual observers. The bed of spikes will be one of the interesting exhibits shown at the Methodist Centenary Celebration, in Columbus, O., June 20 to July 13. Whether a fakir, Hindu or otherwise, can be found to demonstrate his power of endurance on it is still an unsettled question with celebration officials.

### To Play Great Organ at the Methodist Centenary

MRS. MONTGOMERY LYNCH of Seattle will play the great \$50,000 organ in the presentation of "The Wayfarer," the magnificent pageant of the Methodist Centenary Celebration, in Columbus, O., June 20 to July 13. Montgomery Lynch, her husband, will direct the chorus of 1,000 voices, which is a part of the pageant.

## REDUCED FARE ADDS INTEREST

Visitors to Methodist Centenary  
to Be Well Cared For.

### REGISTRATIONS ON INCREASE

Housing Committee of the Celebration Have More Than Forty Thousand Rooms in Private Homes at Their Disposal, Where Those Who Attend Can Be Lodged as Conveniently as at a Hotel.

Announcement by the government that a special low rate of one and a third fares for the round trip has been authorized for the celebration, Columbus, O., June 20 to July 13, has tremendously increased the interest in that event and advanced manifold the inquiries and registrations coming from all parts of the United States. At headquarters the other day a single mail brought cash registrations from 14 separate states and South America.

The low rate has increased work for the special committees, which are responsible for housing the large influx of visitors now seen to be certain. Accommodations fall into three classes:

First, the hotels, which have an average daily capacity of 5,000 visitors.

The second field of accommodation will be in public buildings, which have been specially fitted up for this sort of service for the celebration. These include the State School for the Blind, the State School for the Deaf, the large barracks which were provided at Ohio State university for the student army training corps, and other buildings of a similar nature held in reserve should the throng exceed even present generous expectations.

The third line of convenience for the hospitality of Columbus is in the homes of the citizens themselves. More than 40,000 rooms have been listed with the housing committee, and these are card indexed by location, telephone number and best means of access. Visitors to the Celebration can be lodged as conveniently as a clerk at a hotel assigns a visitor to his room. In order that there might be no misunderstanding, the committee in charge has a uniform rate for accommodations in private dwellings. The charge will be

\$1 per day for a single person in a room and \$1.50 per day for two persons in a room.

Always generously provided with restaurants, Columbus at the present time is having its number largely reinforced by reason of many places being turned into restaurants which were occupied as cafes before May 24, when the state became dry. In addition to these, extraordinary facilities for feeding large numbers quickly are being installed in the exposition grounds.

## MONSTER SCREEN AT METHODIST CENTENARY

Special Lantern Devised For  
Throwing Pictures.

Finishing details are being placed on the arrangements for the erection of the largest screen for the projection of pictures ever built in the world. This is to be one of the features of the Methodist Centenary Celebration, to be held in Columbus, June 20 to July 13.

This monster screen will have a surface for pictures 115x115 feet. The actual structure will be several feet larger in each direction. A special lantern has been successfully devised for throwing these tremendous pictures the necessary distance. The screen will be 250 feet from the nearest spectator and will be built to withstand 40 pounds pressure to the square foot. The lantern which will project these pictures has already successfully thrown pictures on a screen in New York City across a distance of four and a half city blocks. According to Architect Harry C. Holbrook, the screen will be, in effect, three sides of a house. It is necessary to give it the foundations equivalent to a four-story building.

In order that there may be as much salvage as possible after the screen has served its purpose, the picture face will be of fitted lumber, which later will be treated with a white surface preparation.

The estimated cost of this screen will be \$3,000. The screen and the lantern will be used in showing the tens of thousands of views, made all over the world by the Methodist Missionary Survey, which has the finest collection of pictorial reviews anywhere in the world.

### Columbia Professor in Charge of Exhibits at Methodist Centenary

PROFESSOR LA MONT A. WARNER of Columbia university is director of fine arts and designer of exhibits and scenery for the Methodist Centenary Celebration, in Columbus, O., June 20 to July 13. On plans which he laid down, the multitude of exhibits, domestic and foreign, have been arranged in the buildings in scenic effects, making them at once appropriate and effective.

Professor Warner had charge of world exhibits held in Boston, Chicago, Baltimore and Providence in past years, and has studied and worked abroad.

# Velvet

THE  
SMOOTHEST  
SMOKING  
TOBACCO

TIME—given the right chance—  
puts character in a man's face,  
horse-sense under his hat, and mel-  
low fren'liness into his tobacco.

Velvet Joe

Time is a big factor in giving  
Velvet Tobacco its mildness and  
"character."

Velvet ages for two whole years in  
wooden hogsheads. During this  
long period the choice Burley leaves  
take on a kindly quality of cool-  
ness, a rich fra-  
grance, a "taste" that  
appeals to pipe  
smokers—old and  
young.

Don't hurry, but just  
walk into the next store  
and lay down a dime  
and a nickel and say  
"VELVET"—the tobacco  
that isn't harsh but  
is friendly.

Leggett & Myers Tobacco Co.

Roll a VELVET Cigarette

### MUCH - TRAVELED CHRISTMAS BOX FINALLY DELIVERED.

Marion Howard, of Versailles, formerly in the U. S. naval aviation service, has just received, in good condition, a Christmas box that had been on the move nearly seven months and had traveled no less than 11,000 miles, crossing the Atlantic ocean twice.

The box was shipped to Mr. Howard by his mother, Mrs. Z. T. Howard, of Versailles, Nov. 10, last, when he was stationed at Eastleigh, England. When the box reached Eastleigh he had left there and so it was forwarded to first one and then another naval base in France and from France into Germany, where a "tracer" located it and started it back to Versailles.

It went through countless hands and many doughboys, who passed it on, probably eyed it with a suspicion that it might contain something good to eat, yet the contents were intact when it reached Versailles. The candy and some other edibles, of course, were somewhat stale.

### TO PREVENT BELCHING

Make a regular habit of eating slowly, masticate your food thoroughly, and you may have no further trouble. If you should, take one of Chamberlain's Tablets immediately after supper.

(June-adv)

### YOUTHS NEARLY 21 MAY VOTE IN AUGUST PRIMARY.

Candidates have called attention to the fact that young men who will not have attained their twenty-first birthday in August, but who will be twenty-one at the time of the November election may vote in the primary. Many young men are of the opinion that they will not be entitled to vote in the primary.

Germany has produced the greatest potato crop, with the United States second and the British Empire third.

### Grandma's Powdered Soap

Saves TIME—Saves WORK—Saves SOAP

Your Grocer Has It!

## CROP REPORT OF JUNE 1.

The prolonged and excessive wet weather throughout May has retarded the planting of crops. With twenty-two days of rain in May preparation of the soil for the planting of crops has been next to impossible. Wheat is somewhat damaged and not as high a yield is expected as the early conditions warranted. However, the condition as a State average is 94 per cent, which is 5 per cent less than this time last year. Rye shows up somewhat better with a condition of 97 per cent as compared with 99 per cent in 1918. Barley is an exceptionally small crop in this State and but few reports are made on same. Condition is given at 95 per cent.

Anticipated acreage of corn is given at 98 per cent. Owing to the continued cold and wet weather, the preparation of the ground was greatly delayed and the condition of the ground as of June 1st was 75 per cent. It is estimated that 51 per cent of planting of corn has been completed, but some ground remains yet unbroken. Condition of growing corn is 72 per cent. Some replanting of early corn will be necessary in many localities.

Oats acreage is estimated at 91 per cent, which is 6 per cent lower than last year, while condition is shown at 95 per cent. Hemp acreage has fallen low with practically only about one-tenth of reports coming in on this crop as is customary. The few reports coming, give the acreage at 41 per cent, with its condition at 92. The estimated acreage planned of burley tobacco is 97 per cent, which is 5 per cent less than last year's estimate. Condition of plants is 88 per cent.

cent, with about 31 per cent of crop set. Dark tobacco acreage planned is given at 82 per cent, which is 10 per cent less than estimated in 1918. Condition of plants is given at 90 per cent with 34 per cent of crop set.

Grasses show up well: Bluegrass, 96 per cent. Clover, 93 per cent. Orchard grass, 93 per cent. Alfalfa, 92 per cent. First cutting of alfalfa has made a fair yield.

The general outlook for yield of hay is given at 84 per cent. Expected acreage of soy beans is 90 per cent, while that of cow peas is 83 per cent.

Livestock shows in good condition, the same being 97 per cent of normal, while poultry only shows at 80 per cent.

The early frost has proven very disastrous to fruit in most localities and a short crop may be expected with the exception of blackberries. Condition of fruit is as follows: Apples, 51 per cent. Peaches, 54 per cent. Pears, 48 per cent. Plums, 59 per cent. Grapes, 65 per cent. Blackberries, 101 per cent.

Only about 67 per cent of a strawberry crop was reported. Garden conditions are low, owing to the wet season, condition of same being given at 78 per cent, while potatoes are given at 89 per cent. Potato acreage shows at 93.

The seasonable weather prevailing the first week in June finds the farmers of the State busy in their eager endeavors to get caught up in their much retarded task of preparing the ground and planting the crops. Farm labor is still scarce.

MAT S. COHEN,  
Commissioner of Agriculture.

## Eye Examination!

We use in our examination of the eyes the OPHTHALMOMETER, the OPHTHALMOSCOPE, RETINOSCOPE and many other instruments combined with the trial case. We also make trans-illuminary and blood pressure tests.

We specialize in the

FITTING OF KRYPTOKS.

The invisible bifocal lenses. Charges moderate to all.

## OLD AND NEW BATTLE NAMES

Hard to Bestow Appropriate Appellations Upon Conflicts Having Wide Fronts.

There seems to have been little trouble in the past in naming battles, although even Waterloo is called Quatre Bras by the French. But on the whole a name seems to have attached itself to a battle quite naturally, like Blenheim, Talavera, Jena, Leipzig, the Nile and Trafalgar.

But in the great war, where a battle extended over weeks of time over a forty-mile front, including many villages, and sometimes several objectives in the shape of big towns, the difficulty of naming a battle with a name that is universally recognized is extreme.

The names which have actually settled down completely and taken their places in history are the battle of the Marne, the two battles of Ypres, the battle of Verdun, the battle of the Bight, the battle of Jutland, the battle of the Somme, and that seems almost all.

The battles of the later phases of the war have hardly settled down to a name yet. Probably the battle in which the Vimy ridge was stormed will be known as Arras; but the battle of Messines will probably be a sticker, just as the Chemin des Dames will live in French annals for all times.

Perhaps the great battle which at the time seemed disastrous to British arms, commencing on March 21, 1918, will go down to history as the battle of Amiens, while the battle of Cambrai may stand for all that heroic recovery which brought the British to their final victory.

## GOT WEARY OF "FLU" TALK

Visitor to Indianapolis Very Much Fed Up With Conversation Relating to the Epidemic.

L. B. Andrus of Grand Rapids, Mich., chief of the Merchants Heat and Light company, is laboring under the impression that some "Hoosier jinx" was trailing him Wednesday evening.

While taking dinner at a hotel he was surrounded by delegates to the casket manufacturers' convention. After hearing them discuss their business, which discussion naturally had many references to the influenza epidemic, he concluded it was no place for him.

As the evening rolled on, he began debating with himself the question whether the epidemic was going to get him, so he decided to take a Turkish bath. He had only been there a short time when a sick-looking individual came in, and in a conversation with Mr. Andrus said that he had only recently got over a severe case of the influenza, and he had been advised that a Turkish bath would get the poison out of his system and assist him to recover more rapidly.

When he was talking with this man, another man came in sneezing and coughing and inquired of Mr. Andrus whether he thought a Turkish bath would prevent a fellow from getting a bad case of the influenza.

By this time Andrus said to the attendant: "Get me out of here as quickly as possible. I have given about as much time as I care to presiding at the flu conference in Indianapolis."—Indianapolis News.

## President to Get Rare Book.

An ancient book has been sent to President Wilson by Postmaster General Tordt of Florence who is a collector of rare manuscripts. The book is a rare edition of the life of Christopher Columbus and was written by Fernandez, a son of the discoverer of America, and was published at Venice in 1571. Plans had been made to have the book presented to President Wilson on Columbus day.

## Wonder What Poe Got for It.

Quite a while ago an author, Edgar Allan Poe, contributed a story to Graham's Library of Fiction, No. 1. But it hardly occurred to him that some day a collector would pick up an old copy of that periodical for 25 cents and presently sell it to somebody else for \$1,000. Probably it is just as well that it did not, for the knowledge might have discontented him with his own modest emolument for writing a classic.

## \$216 for a Thackeray Letter.

A sale of autographs and manuscripts was held at New York recently. Charles Scribner's Sons paid the top price, \$216, for catalogue No. 231, a letter of William M. Thackeray to John Oxenford, asking him to come to a dinner in celebration of the completion of "Vanity Fair." The total for the sale was \$2,752.45.

## The Lives of a Cat.

A mother had two sons, one in France, the other attending a university near home. The son in France was wounded and naturally the mother felt grieved over the incident, and being of an excitable nature, telephoned her other son: "John, come home at once. Ted is at the front being killed every minute."

## Unreadable Signatures.

General Pershing recently gave orders that the typewriter signature is required hereafter on all official orders and indorsements by American military men in France because of the fact so many officers write their names "so blindly that it is difficult to make them out." General Pershing purposes to waste no time in deciphering written signatures.

## CAMP ROOSEVELT THE IDEAL SUMMER RESORT.

Boys from Paris will be invited to a Reserve Officers' Training Camp on Lake Michigan this summer. The encampment has been named Camp Roosevelt, as a living memorial to the dead statesman, and 15,000 men and boys will be given a period of intensive military-physical-educational training there between July 6 and August 31. Captain F. L. Beals of the United States Army will be the commanding officer.

Camp Roosevelt is being established at Muskegon, Michigan, as a training place for the Chicago High School boys who are in the Reserve Officers' Training Corps, but it is not necessary to be from Chicago or to have had previous military training to be a Camp Roosevelter. It will be an all-age, all-American camp, open to recruits between the ages of 12 and 45.

The military training will include drills, machine gun practice, ground aviation, radio instruction and other military features. The physical training will include callisthenics, baseball, tennis, golf, swimming, rowing and hiking. The educational training will be under the direction of Chicago High School subjects. This feature is optional with the recruit.

Camp Roosevelt is not a profit-making institution. It is being financed by a committee of patriotic Chicago citizens who believe that it may pave the way to a program of national preparedness at all times. The charge, as far as the recruit is concerned, is only \$1.00 per day to cover subsistence and equipment, instruction and a tent to sleep in. Recruits can arrange for two, four, six or eight weeks of training as desired.

Camp Roosevelt will be under strict military discipline and the commanding officers will have complete charge of all added features of training.

So many inquiries are coming in regarding the camp that it has become necessary to establish executive headquarters at 21 N. La Salle street, Chicago, from which full information may be secured upon request.

## CATARRHAL DEAFNESS CANNOT BE CURED

By local application, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give one hundred dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drug-gists, 75c.

## PUT PIG IN WINDOW.

A handsome pure-bred gilt was used for display advertising in a show window on the main street of Lawrenceburg, Ky., this spring. The County Agent, who was boosting the membership in the Boys' and Girls' Agricultural Clubs, told your correspondent when asked about the display, "The pig attracted much attention and created very favorable comment. Three boys joined the club and purchased pure-bred pigs as a result of this publicity."

## MILLERSBURG

—Col. W. M. Layson remains about the same.

—Figs! Figs! Get them at Caldwell's. The last of the season.

—Regular meeting of Amity Lodge No. 40, F. & A. M., at 8:00 p. m. to-day.

—Mrs. R. P. Hopper, of Mayslick, was the guest of her sister, Mrs. J. C. Leer, Friday.

—Rev. W. W. Morton and Mr. W. D. McIntyre returned Friday from Atlanta, Ga., where they attended the General Association of the Southern Presbyterian Church.

—At the meeting of the promoters of the Millersburg Chautauqua at the Millersburg Coal and Lumber office, Friday evening, all of the officers were re-elected for the coming year: Pres. W. D. McIntyre, vice president, R. M. Caldwell, secretary, W. A. Butler, treasurer, S. M. Allen. The various committees are to be appointed by the president and will be made known in a few days.

## TO CHANGE MOUNTAIN'S NAME.

Tacoma and Seattle, away up in Washington, and other communities out in that direction, are having a wordy wrangle over what to call the great mountain that towers to the clouds "just across the river." It is set down in the geography as Mount Rainer, but the people of Tacoma call it Mount Tacoma, and now there is a considerable number of persons in that country who want it named after the late Col. Roosevelt—they want it called Mount Roosevelt.

The name "Rainer" was given the mountain by the Canadians, in honor of a British Admiral of that name who sank an American vessel during the Revolutionary War. Naturally, the name is not particularly popular on this side of the border. The Indians called it "Tacoma," the tribe itself bore the same name, which means simply "the mountain." The Tacoma Indians were "the Mountain Indians."

## GREAT INTEREST IN NEW TRACTION LINE.

Louisville business men are taking active steps to assure success of the project for connecting Louisville with Lexington and the Bluegrass through construction of a traction line between Shelbyville and Frankfort, joining the lines of the Kentucky Terminal & Traction Company, running out of Lexington to Frankfort, and the Louisville & Interurban Railway Company, running from Louisville to Shelbyville.

Through freight and passenger service between Louisville and the Bluegrass, long regarded as essential to a full interchange of business between Louisville and Central Kentucky communities and to offset competition from Cincinnati and other cities, is offered in the new project. Twenty-one miles of traction line, costing approximately \$400,000, must be built to close up the gap. The Frankfort & Shelbyville Electric Railway Company, incorporated in October, 1917, has a ninety-nine-year franchise, has obtained rights-of-way through the full length of the route and has traffic agreements assuring through freight and passenger rates with connecting lines.

## ANYBODY KNOW THEM?

In the Cincinnati Enquirer court news column, Saturday, appeared the following:

"Judge Hoffman took under consideration the suit of William Parks, of 631 Carlisle avenue, for divorce from Sophronia Parks, of Paris, Ky."

## DEATHS.

## DILLS.

—Lewis H. Dills died at his home on Wilson avenue, in Cynthiana, Saturday morning after an illness of several months of cancer. He was the son of the late Mr. and Mrs. Aaron Dills. He is survived by his wife, and two daughters, Miss Sudie Dills and Mrs. John Lee, of Paris; a sister, Mrs. Sudie Spohn and two brothers, Roger and James Dills.

The funeral services were held at the residence yesterday afternoon at 4 o'clock, conducted by the Rev. J. D. Armistead, of the Christian church. The burial was at Battle Grove Cemetery. The pall-bearers were E. E. Clark, R. C. Bell, S. S. Moore, S. C. Kenton, D. N. Rees and W. T. King.

## THE DESPISED BRIER.

"Good land for blackberries" is an expression, used by many owners of good soil, when describing the productive qualities of a piece of land that appears to be rather barren. It would seem, however, that the despised briar is to be the real aristocrat this year. With the fruit crop at about zero, strawberries few and far between, and only a bunch of grapes here and there, the good housewife will be willing to risk staining and scratching her hands, that the shelves in the cellar may not be entirely empty. The heavy bloom which all the members of the briar family are putting forth, is certainly a welcome sight and when the winter months arrive and no fruit appears on the table, the man of the house may wish that he had at least an acre or two of "good land for blackberries."

## CABLE PRESIDENT TO LIFT BAN ON LIQUOR.

Appeal was made by Representative Dyer, Republican, Missouri, in a cablegram to President Wilson to issue a proclamation declaring wartime prohibition void, in view of the apparent determination of Congress to let the law stand.

The Missouri Representative in his message stated that public hearings had gone far enough to satisfy him that repeal measures had no chance with the House Judiciary Committee.

Hope was expressed that the President would take action on his own authority at once.

## SIX FORGOTTEN NATIONS

(Standard Union.)

Self-determination is uppermost in the minds of the 5,000 members of the six nations, now wards of the Canadian Government and occupying a reservation in the province of Ontario. The dog question has made it a burning issue. The Indian Department wants to tax the red men's dogs, and the Indians protest, basing their legal objections on treaty rights which stipulates that these folks are "allies" of the Canadian Government and therefore an independent people. The Indians will fight the proposed tax through the courts if need be, not only because they are as anxious as ever to maintain their rights, but because the more dogs an Indian community has the happier the inhabitants are. The descendants of the "Romans of the West," as the Iroquois confederacy was rightly called, retained much of the pride, firmness and haughtiness of their forefathers. They always did stand out for what they considered their own, and in doing so now are demonstrating that the old spirit is alive even though it may have seemed extinct.

## JOINT MEETING EDUCATIONAL AND PRESS ASSOCIATION.

The big event of the K. E. A. this year is the joint session on Thursday evening, June 26, of the Kentucky Educational Association and the Kentucky Press Association. It will be the first time that the teachers and editors have met together. These two organizations represent greater power than any other in the State, and their coming together on June 26th means that they are in earnest about the reconstructions problems which face us and will pull together to accomplish the tasks they see ahead.

Governor Henry A. Allen, of Kansas, is the chief speaker on this K. E. A. program this year. He was once known as the great Western orator, but is now known as the great orator of the United States. His work in France during the war and his nomination and election to the office of Governor during his absence, make him a peculiarly distinguished figure. Governor Allen is on the Educational Committee of the National Security League and is having a large share in the new educational program. He has toured this country in the interest of the Red Cross, suffrage and various other causes, and whatever his subject or wherever he speaks, there is usually an overflow meeting.

Kentucky's Governor, one of Kentucky's editors and Mrs. Cora Wilson Stewart will compose the Kentucky talent on the program that evening.

There are eleven thousand teachers and five hundred editors in this State. The first Christian Church, Louisville, in which this final great program is to be given, may not seat them all, but arrangements will be made to take care of the overflow and to have duplicate programs if necessary.

R. E. Williams, Secretary of the K. E. A. and J. C. Alcock, Secretary of the K. P. A. expect this to be a record-breaking meeting.

## INTEREST IN MASONIC CAMPAIGN GROWING DAILY.

Interest in the million dollar campaign for a new widows' and orphans' home in Louisville to be erected by the Masons within the next year is growing daily.

As chairman of the committee, G. Allison Holland, of Lexington, is receiving numerous inquiries from Masons from all over the State asking now they may help and when they may subscribe.

The mail to the chairman's office is heavy with letters from Kentucky Masons in the State and out. It is becoming evident that the amount which will be raised will go beyond the million dollar mark, Mr. Holland said.

Organization of the forces under the direction of the committee is being rapidly completed throughout the State. There will be a division of the State into congressional districts, and a further division by counties. Where there is more than one lodge in the county there will be an organization for each lodge. Committee members are writing Mr. Holland of the completion of their organizations and the rapid strides the canvassers are making.

## DAYLIGHT REPEAL BILL IS ORDERED REPORTED.

With a legislative rider for repeal of the daylight savings act, effective next October, the agricultural appropriation bill was ordered favorably reported by the Senate Agricultural Committee. Chairman Gronna plans to call it up early this week.

The Bureau of Lands of the Philippines has approved two applications for leases of coal lands covering an area of about 3,800 acres.

## BIRTHS.

—In this city, to the wife of Capt. Morton C. Collier, a son, christened Ray Leland Collier. The mother was formerly Miss Ida Meyer.

—In this city, Saturday, to the wife of Mr. John Duvall, the popular conductor of the city traction car, a son. Mrs. Duvall was formerly Miss Princess Whaley, of Paris.

The pro rata share of the money in circulation in this country is \$54.56—nearly \$5 more than it was a year ago.

## LAUNDRIES IN CHURCHES

(World Outlook.)

Hand laundries in churches! Why not! Man must be clean of body as well as pure of heart. They believe this out in Pasadena, Calif., where they recently replaced a rude chapel, which hadn't a pane of glass in it, with this institutional church for Mexicans.

It cost \$6,000. But that isn't much when it is on record that besides the hand laundry, it has a dormitory for men, a day nursery, club and class rooms.

The Centenary of Methodist Missions is planning to build sixty-five

churches of this kind and a great Plaza Community Center at Los Angeles, also.

## HOUSE OF LORDS TO ALLOW BEQUEST FOR DEATH MASS.

Heretofore it has been illegal to make bequests in the United Kingdom for the saying of masses for the dead. The money so left reverted back to the estate for the benefit of the next of kin.

The House of Lords has brought joy to the hearts of Roman Catholics all over the world by changing the law. From now on it is lawful here to make such bequests.
